WORK EXPERIENCE

Cox Automotive   **Remote / Seattle, Washington**
Digital Campaign Specialist   Oct 2021 – Sep 2023

- Built web pages for dealerships across the country.
- Won our internal hackathon in the innovation category with a code generation tool.
- Contributed to our deck for NADA, the largest annual conference in the automotive industry.

Zoe Bios Creative   **Los Angeles, California**
Freelance Web Developer   Jan 2021 – Sep 2021

- Learned the liquid templating syntax used by Shopify to create a bespoke storefront for my client.
- Built upon filtering plugins and created workflows for data organization.

PROJECTS

Bloom

                                                                                  Feb 2023 – Mar 2023

- Online coffee recipe aggregator, brew timer, and historical reference.
- Built using NextJs and Typescript.
- Advanced my usage of CSS to make widgets and elements intuitive.

Jenga

                                                                                  May 2023 – Jul 2023

- No frills, fast-enough static site builder.
- Built using Go for portability and single-binary use.
- Learned how to take less naive paths through processing file trees.
